6. Display main screen

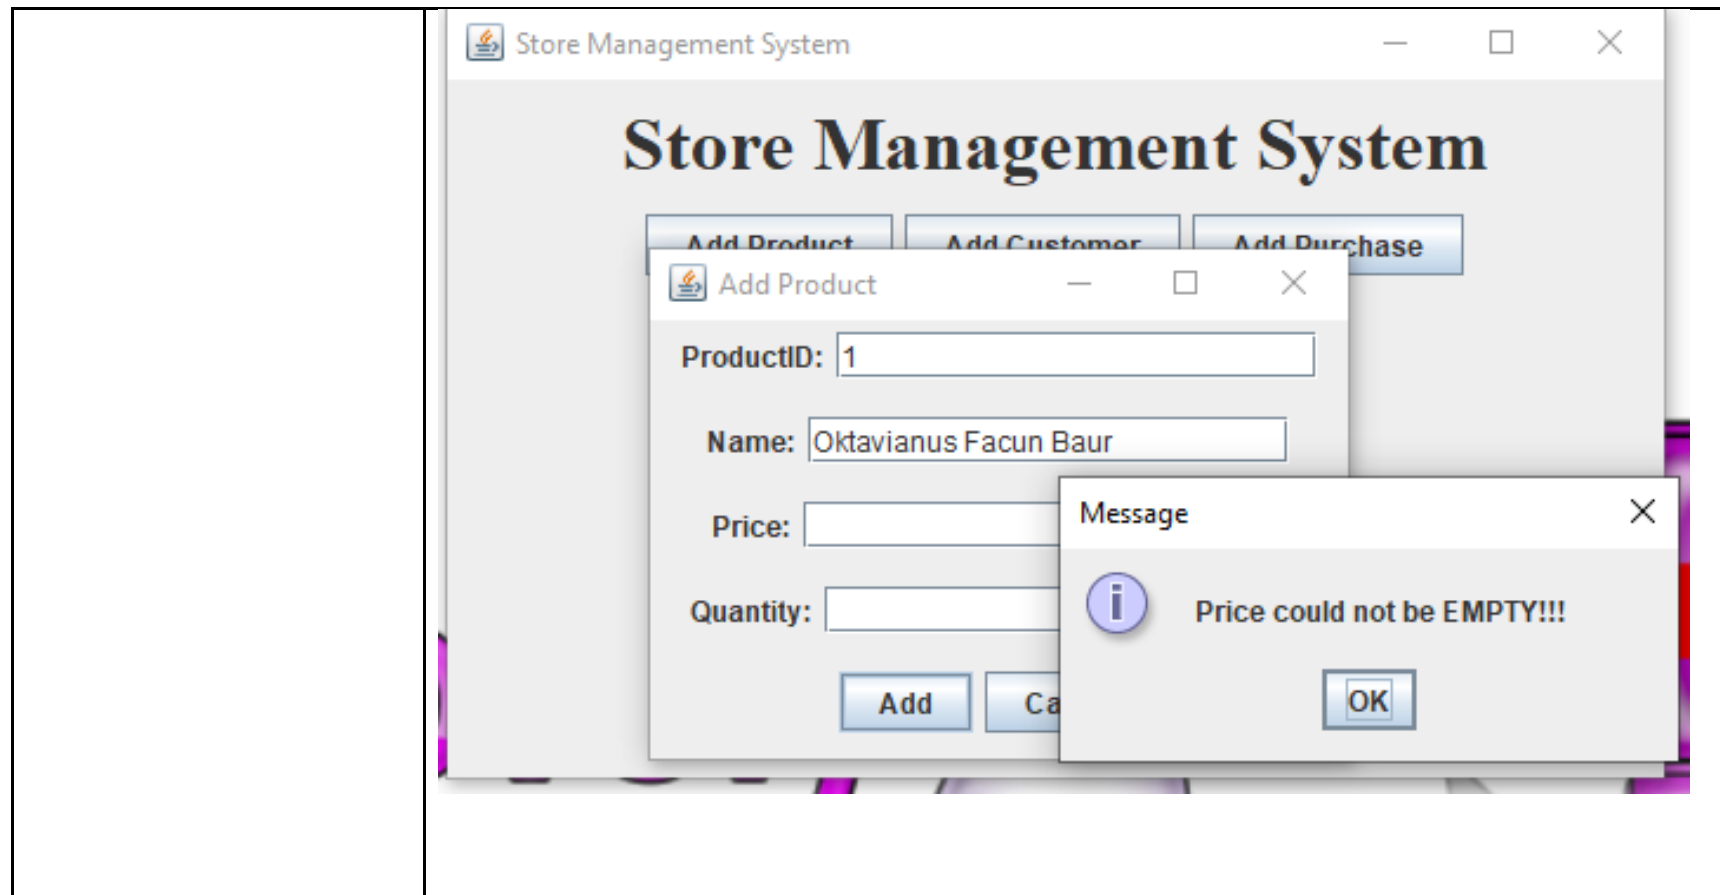

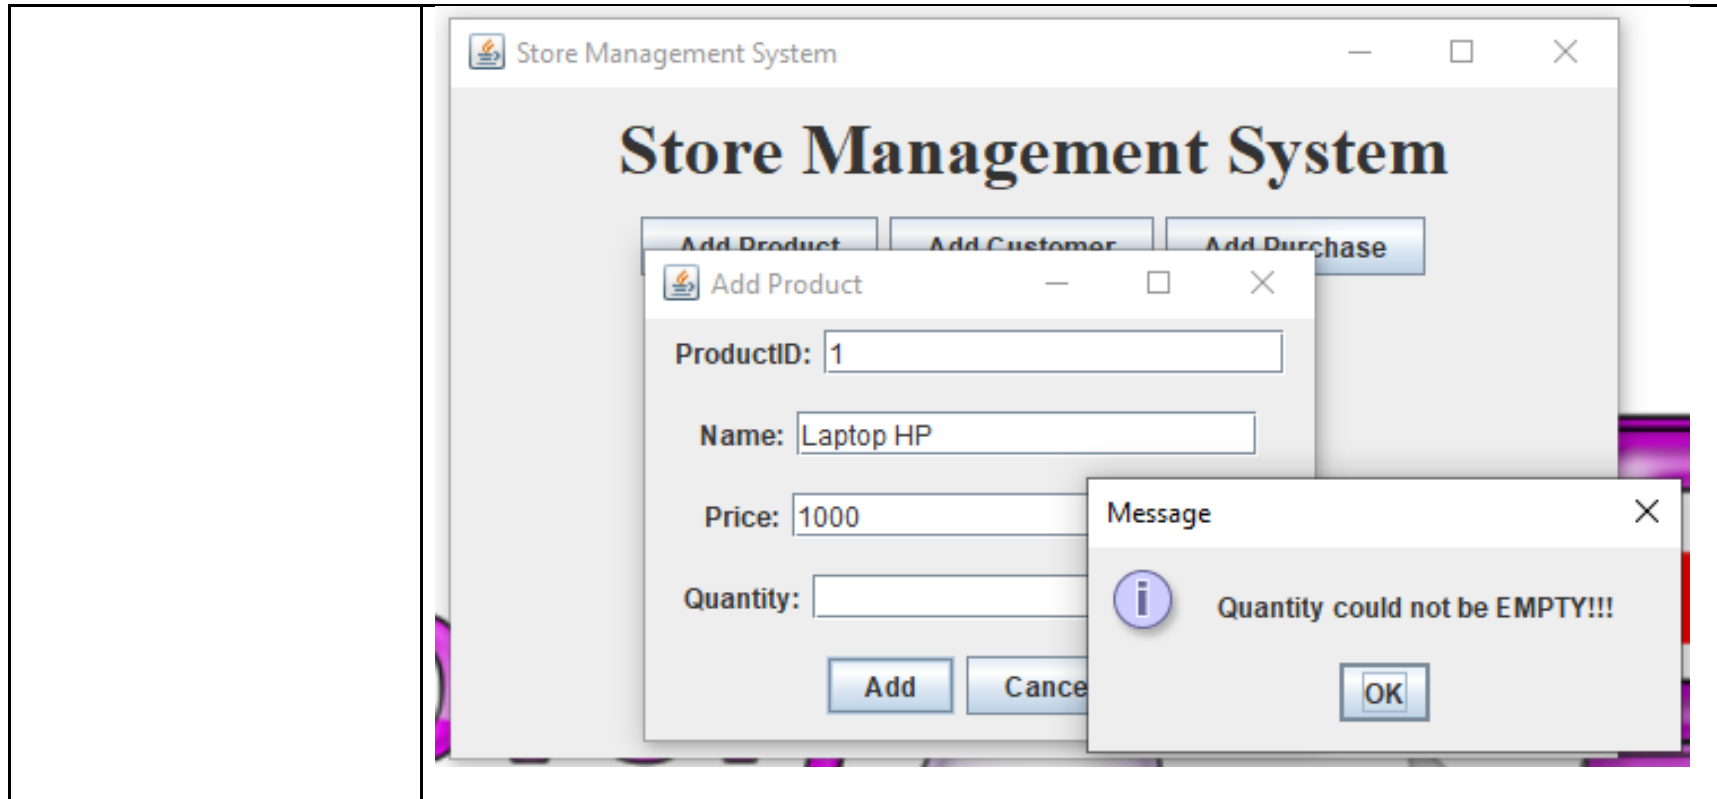

Actor	System
<ol style="list-style-type: none"> 1) When productid is empty, display "ProductID could not be EMPTY!!!" 2) When productid is not a number, display "ProductID is INVALID (not a number)!!!" 3) When product name is empty, display "Product Name could not be EMPTY!!!" 4) When price is empty, display "Price could not be EMPTY!!!" 5) When price is not a number, display "Price is INVALID (not a number)!!!" 6) When quantity is empty, display "Quantity could not be EMPTY!!!" 7) When quantity is empty, not a number 	 <p>The screenshot displays the 'Store Management System' window. It features three buttons at the top: 'Add Product', 'Add Customer', and 'Add Purchase'. An 'Add Product' dialog box is open, containing input fields for 'ProductID', 'Name', 'Price', and 'Quantity', along with 'Add' and 'Cancel' buttons. The 'ProductID' field contains the text 'test'. Overlaid on this dialog is a 'Message' box with an information icon and the text 'ProductID is INVALID (not a number)!!!', with an 'OK' button at the bottom.</p>

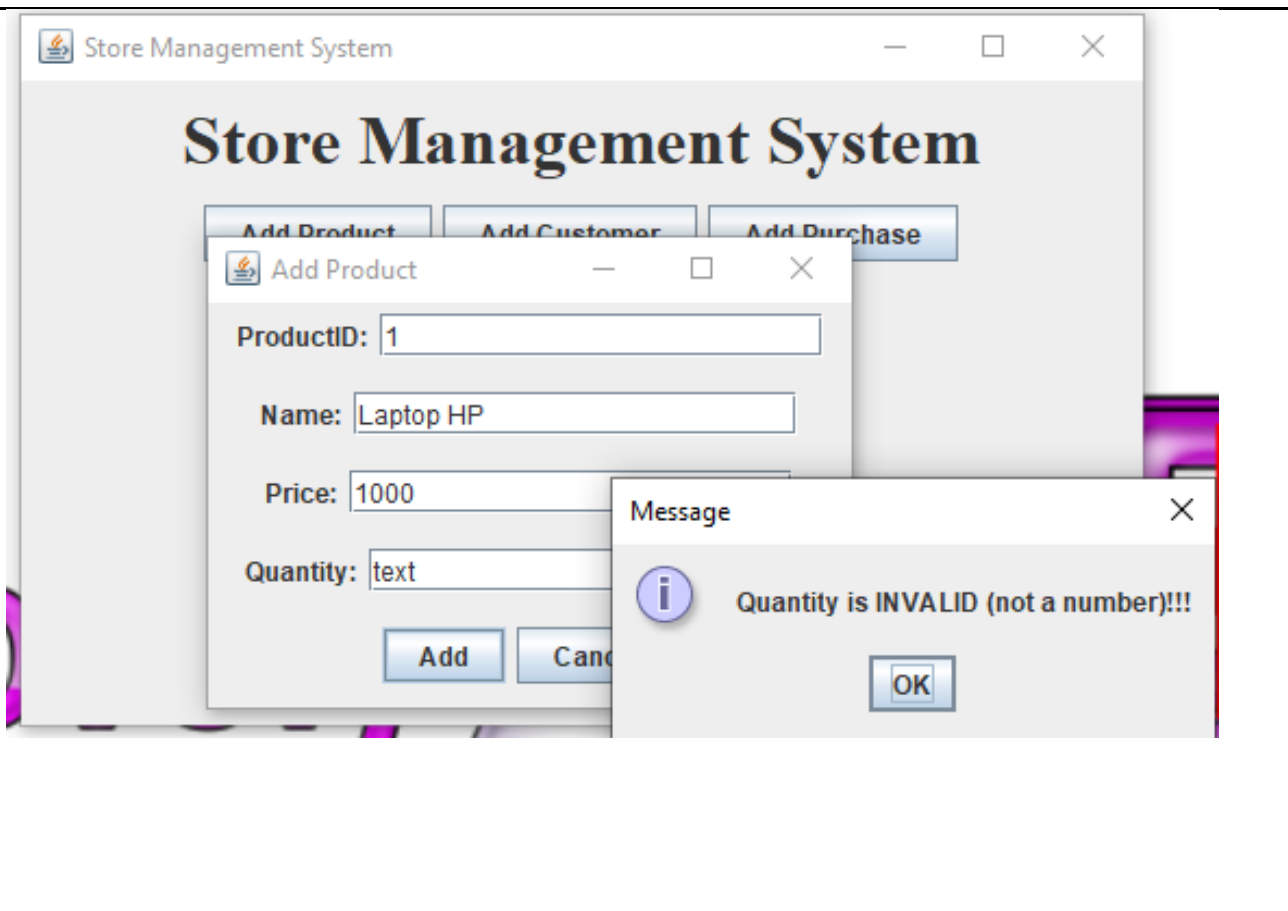

"Quantity is INVALID
(not a number)!!!"

The screenshot displays a software window titled "Store Management System". Inside, there are three buttons: "Add Product", "Add Customer", and "Add Purchase". An "Add Product" dialog box is open, featuring input fields for "ProductID:" (containing "1"), "Name:", "Price:", and "Quantity:". Below these fields are "Add" and "Cancel" buttons. Overlaid on top of the "Add Product" dialog is a smaller "Message" box. This message box contains an information icon (a lowercase 'i' in a circle) and the text "Product Name could not be EMPTY!!!". An "OK" button is located at the bottom right of the message box.

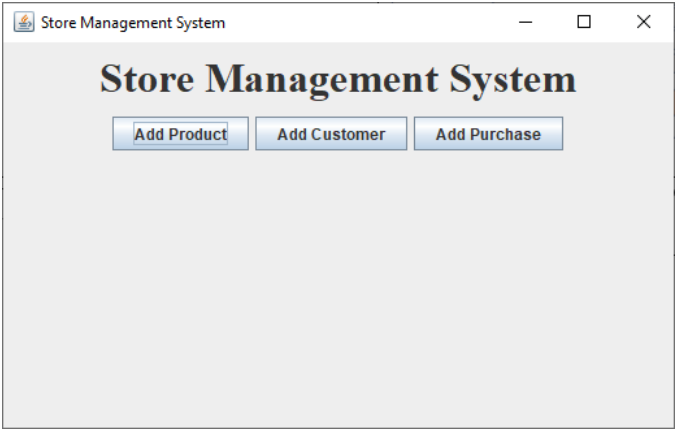

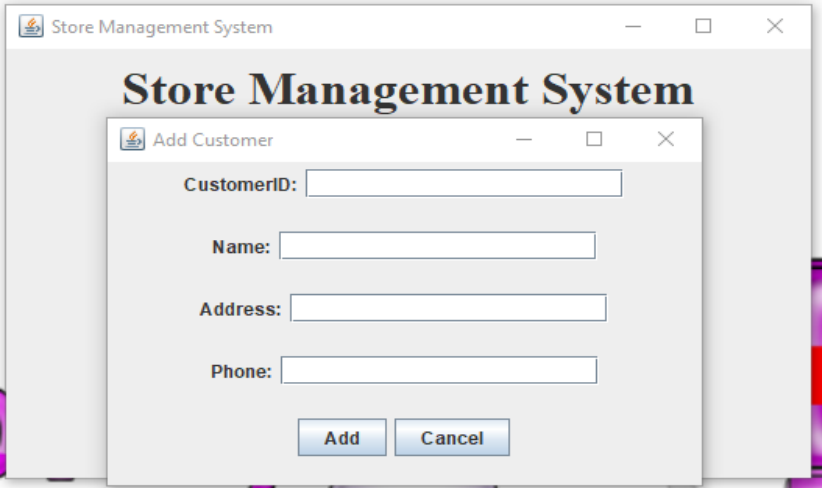

2. Screenshots user story, As a user, I want to add a new customer into the system.

Actor	System
<p>1. Click button "Add Customer" on Main Screen</p> 	<p>2. Display "Add Customer" screen</p> 

3. Input data then click add button
"Add Customer" screen with input data:

The screenshot shows the 'Store Management System' window with three buttons: 'Add Product', 'Add Customer', and 'Add Purchase'. The 'Add Customer' button is highlighted. A modal dialog box titled 'Add Customer' is open, containing four text input fields: 'CustomerID' (with value '1'), 'Name' (with value 'Oktavianus Facun Baur'), 'Address' (with value 'The Social Apartment'), and 'Phone' (with value '334-444-1492'). At the bottom of the dialog are 'Add' and 'Cancel' buttons.

4. Hide "add customer" screen and display a alert "Customer added Succesfully!"

This screenshot shows the same 'Add Customer' dialog box as in step 3, but with a 'Message' dialog box overlaid on top. The 'Message' dialog box contains an information icon, the text 'Customer is saved successfully!', and an 'OK' button. The 'Add' and 'Cancel' buttons of the 'Add Customer' dialog are still visible behind the message box.

5. Klick "OK"

The screenshot shows the 'Message' dialog box from the previous step. The 'OK' button is highlighted, indicating it has been clicked.

6. Display main screen

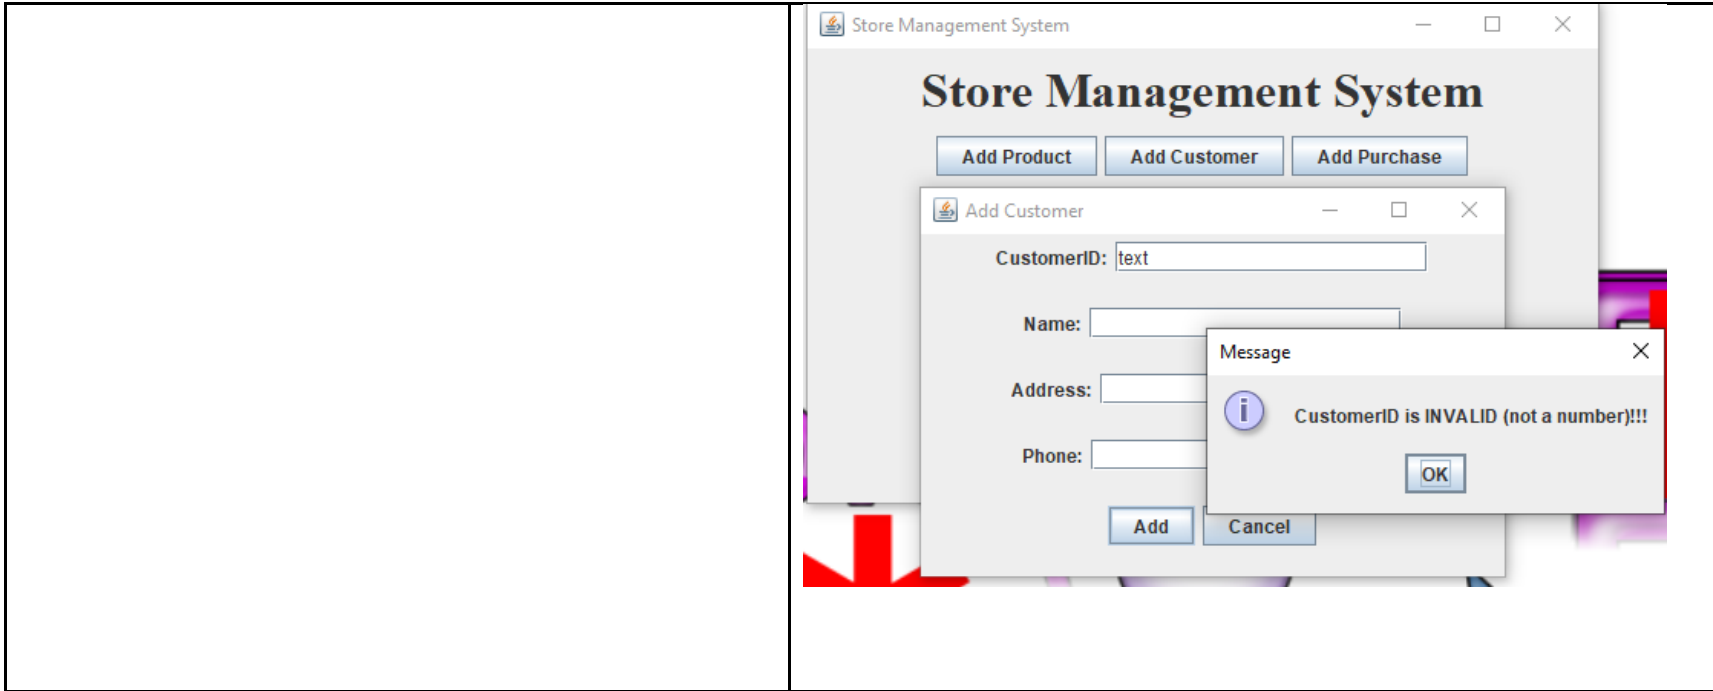

The screenshot shows the main 'Store Management System' window. It has a title bar, a close button, and three buttons: 'Add Product', 'Add Customer', and 'Add Purchase'. The 'Add Customer' button is highlighted.

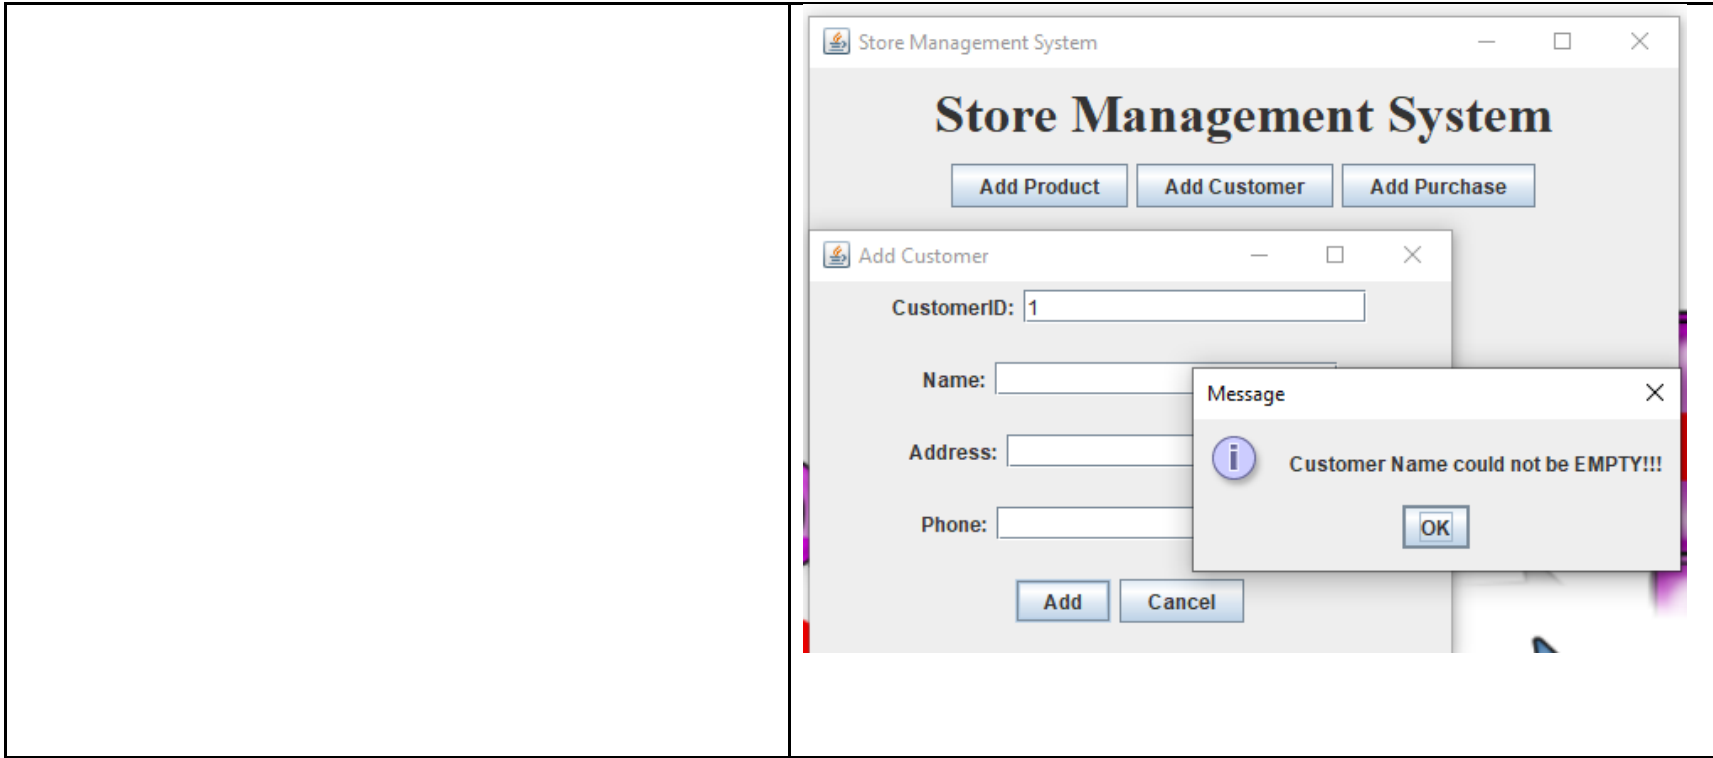

Actor

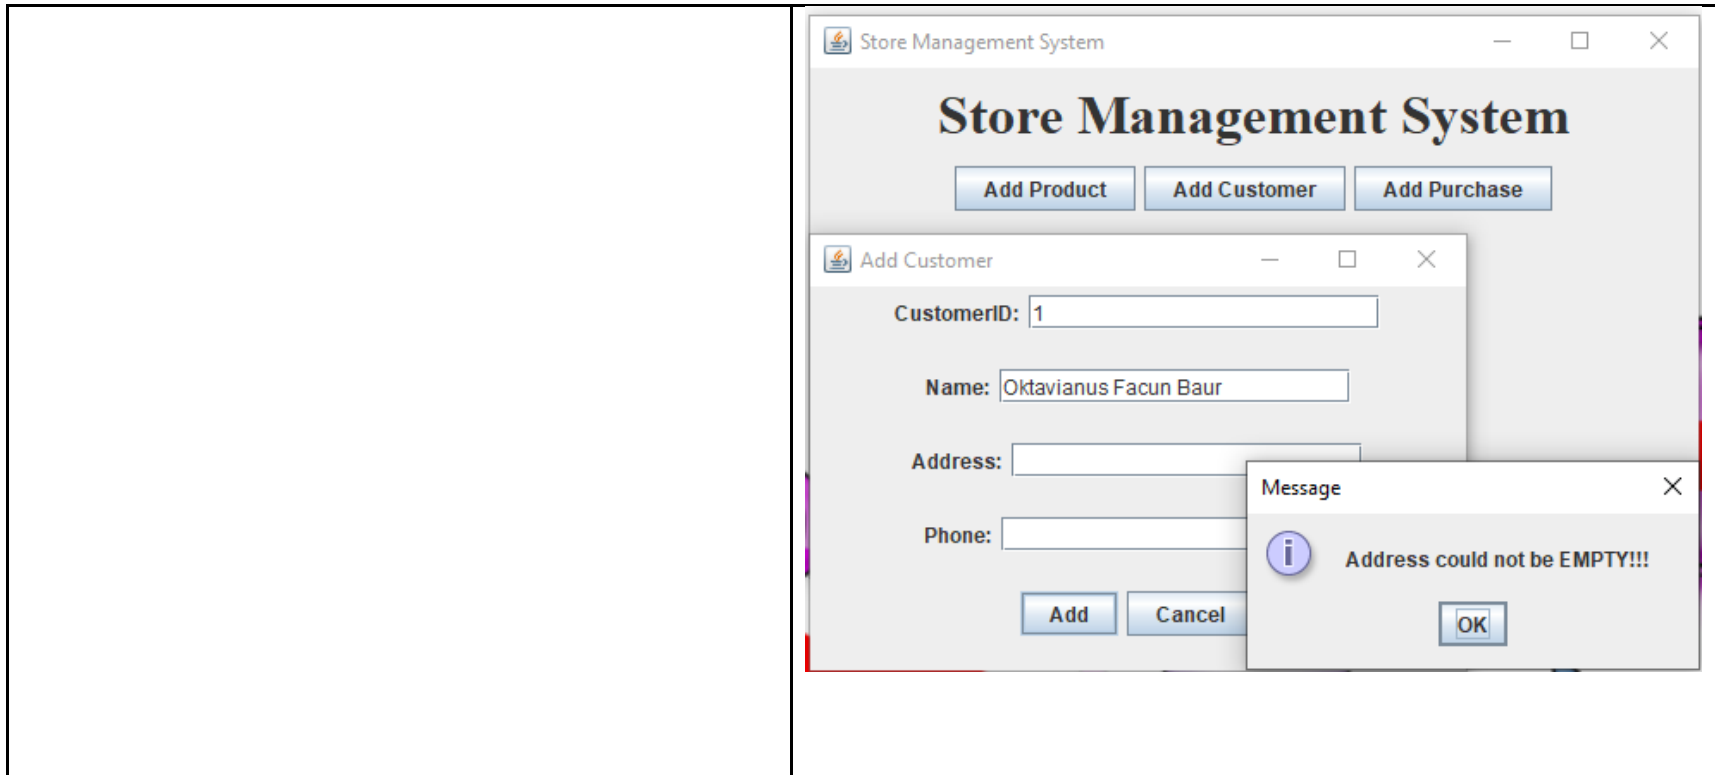

- 1) When productid is empty, display "CustomerID could not be EMPTY!!!"
